Honorable Commissioner of Patents Washington, D.C. 20231

Sir:

AMENDMENT

able Commissioner of Patents
ngton, D.C. 20231

In response to the Official Action dated September 25, 2002, please amenda application as follows: above-identified application as follows:

## IN THE CLAIMS:

Please amend claims 1, 2, 4-29 and 36 as follows:

(Amended) A device for sensing a light comprising: 1.

a light sensor region and a semiconductor switch region adjacent to and operatively connected with said light sensor region over an insulating substrate having a blocking layer,

wherein a semiconductor region of the light sensor region and an active region of the semiconductor switch comprise the same semiconductor layer, the semiconductor layer having a semi-amorphous structure formed on the blocking layer over the insulating substrate, and

wherein a Raman spectrum of the semiconductor layer exhibits a peak deviated from that which stands for a single crystal for the semiconductor.
